Driver CPC is being introduced across the European Union to maintain high driving standards and improve road safety. All professional bus, coach and lorry drivers must hold a Driver CPC if they want to drive for a living.

What is the purpose of Driver CPC? It is designed to improve the knowledge and skills of lorry and bus drivers throughout their working life – helping:

- road safety (and thus all road users),
- the road freight and passenger transport industries (better staff performance, better recruitment and retention, more economical vehicle usage),
- professional drivers (skill levels and maintenance, career opportunities, professionalism,)
